

Brightspace Parent/Guardian Consent Form

Your child's teacher has requested access to resources available through Brightspace, which require Parent/Guardian consent. These resources provide an additional layer of support for students. North Coast Distance Education School manages the Brightspace platform for Coast Mountain School District 82. Your child will remain enrolled in their current school, and this will not affect their existing registration in any way.

Brightspace is a cloud-based learning management system that supports both online and blended learning. School District 82 uses Brightspace as part of its Distributed Learning program.

Teachers use Brightspace to create and deliver course content, assessments, and learning activities in one centralized, web-based platform. This includes organizing and sharing course materials (such as documents, videos, quizzes, and assignments), as well as creating and grading assessments and tracking student progress through Brightspace's built-in tools.

To provide this service, Desire2Learn (D2L), the company that operates Brightspace, requires certain personal information about your child. This information is used to support your child's access to the platform. D2L may also work with third-party service providers that collect, store, or process data on behalf of D2L.

More information can be found in Desire2Learn's Privacy Policy:

Parent/Guardian Consent

As the parent/guardian of the student named below, I give permission for my child to access and use Brightspace, as managed by School District 82. I authorize the release of personally identifying information to D2L Corporation, including my child's name, username, email address, school, assignment assessments and grades, and any data or activity collected during their use of Brightspace.

This personal information is collected under FOIPPA authorities 26(c), 32(a), and 33(2)(d). I understand that data for this service will be stored in Canada and will be subject to Canadian privacy laws.
